2 Air cleaner assembly - removal and installation

Removal

- 1 Remove the airflow meter and air cleaner cover assembly (see [Section 12](#)).
- 2 Loosen the two nuts securing the air cleaner casing to the mounting bracket, then pull the casing upwards, and unclip the intake duct from the front body panel (see illustration) .

2.2 Removing the air cleaner assembly

Installation

- 3 Installation is a reversal of removal, but ensure that the lower mounting engages with the plastic lug on the body, and install the airflow meter (see [Section 12](#)).
